

THE H Y D R A U L I C **War Horse!** **Scrubber/Washer/Peeler**

*Simple, Sturdy Design **ABSOLUTELY** Delivers
the Highest Peeling/Washing Productivity.*

*“Over 400
Machines in
operation.”*

Power Unit

*“The War Horse, a rugged, reliable
design is like no other, with built-in
easy access for sanitation
and maintenance.”*

LYCO
Manufacturing, Inc.
Leaders in Food Processing Innovation

War Horse/Peeler/Washer

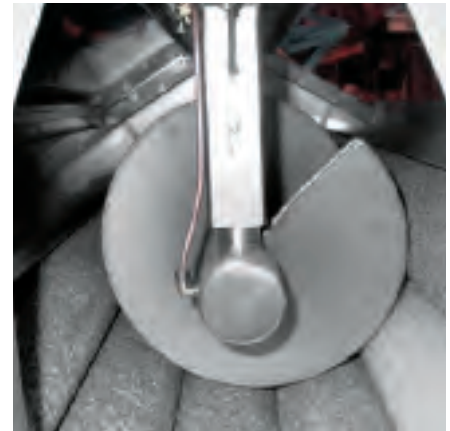

Delivering the Industry's Highest Recovery with Full Length Augers.

Hydraulic Drive

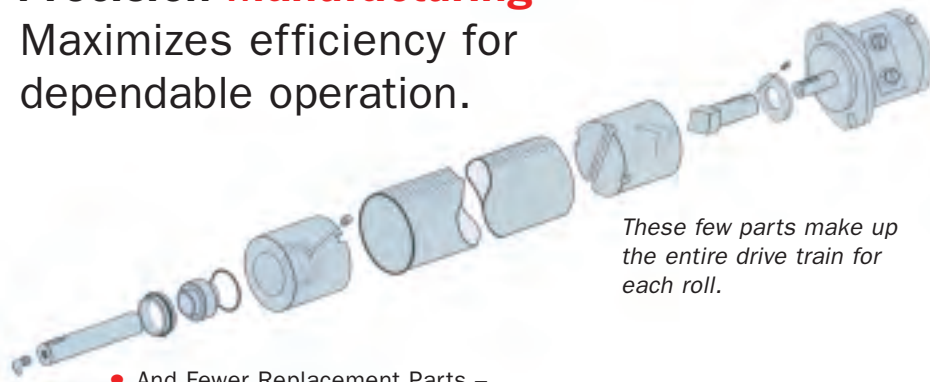

PEELER
w/ GATE DISCHARGE

Improves Yield
by 1.7 to 3.0%

• Precision Manufacturing—

Maximizes efficiency for dependable operation.

These few parts make up the entire drive train for each roll.

- And Fewer Replacement Parts – Only one bearing at discharge end reduces maintenance and lost production time.

Simple drive systems and fewer replacement parts mean

RELIABILITY

**6, 7, 8, and
11900 machines
available**

*Perfect for scrubbing
and peeling:*

- Potatoes – white or sweet
- Beets
- Carrots
- Onions

Or Washing:

- Apples
- Pickles
